Sponsor Spotlight

Tell us a little about yourself.

We are a family of 5 – Caroline, Rob, Emily – 16, Matt – 16, and Ryan – 13. We live in Warren, New Jersey and like to watch British football, especially Tottenham Hotspurs and the Wrexham Red Dragons.

How did you hear about Mesha's Village and what made you want to sponsor through us?

We heard about Mesha's Village through Jordan Potter and loved hearing about the non-profit. Our family values education and we felt the cause was very important. Mesha's Village is inspiring to all. We strongly believe education should be supported and available for all children.

What excites you most about sponsoring a child in need?

We love being able to help in any way we can even if it is one child. We are so happy Myra gets to have the opportunity to go to Haradali. Getting to see how Myra has done in school and pictures has been so exciting.

How has your experience been with Mesha's Village so far?

The MV team has been great. Emily is an intern for the team, and helps out with the social media and newsletters. We love to see the updates and stay involved with Myra's development. It's great to see how big the community is getting and how the children are growing together.

Anything else you would like to share?

Seeing the Mesha's village sponsors work together to build Haradali is so inspiring. We hope this spreads as a model within Tanzania and other areas.

Thank you, Dicks family!

We are so thankful to have people like you on our team!

Let's Celebrate!

Swahili Saying

"Bia" means "Beer"

In honor of our most recent happy hour event, we chose beer.

In conversing with the children and our local friends, we have learned a bit about Swahili, the native language in Tanzania. As an organization rooted in education, we want to share some of what we have learned with you.
