MEET DAINES!

You may have already seen her on our Instagram, but we're thrilled to announce that the Mesha's Village family has grown! Daines is 5 years old and currently enrolled in Baby B class at Haradali Pre and Primary School, making her our 13th MV child in school.

We want to extend a huge thank you to Nora and Wahby Bekka for their sponsorship of Daines! Learn more about her sponsors below!

SPONSOR SPOTLIGHT NORA & WAHBY

Tell us a little about yourselves.

Wahby and I met on a volleyball court 35 years ago and have been married for 32 years. We have 2 children Mariam and Bashir. We love to travel, outdoor activities, eat, and spend time with family and friends.

How did you hear about Mesha's Village and what made you want to sponsor through us?

I was introduced to Mesha's Village through Linda Potter when it just started in 2017. I was very impressed by the passion and determination of its founders, Madison and Jordan. They started with small steps that is leading to big impact. They sponsored Mesha, their first child, in 2017 and they are now 13 children.

What excites you most about sponsoring a child in need?

Through education, we create limitless opportunities for children across the globe to control their destiny and impact their communities. We also believe that education breaks the cycle of poverty, social injustice, and political instability. We dream of a world where every child has access to education and healthcare.

How has your experience been with Mesha's Village so far?

Amazing!! I was introduced to MV when it first founded, and I love seeing the same consistent passion and focus of the founders and their team.

Anything else you would like to share?

My co-worker and good friend Linda and I sponsored 2 girls at the same time. It is my wish to be able to travel with her to Tanzania one day to meet Daines and Sumaiya and volunteer at Haradali school.

**Thank you, Bekka Family!
We are so thankful to have people like you on our team!**
